

CAR SEAT AWARENESS MONTH

# BOOSTER 101

#REMEMBERTHEFIVE

A child can ride safely without a booster seat when you can say YES to ALL

# 5

## back

Back against the vehicle seat

## knees

Knees bend at edge of seat

## lap belt

Lap belt on tops of thighs, not on belly

## shoulder belt

Shoulder belt between neck and shoulder

## Sit

Sits properly. No slouching, no playing with seatbelt, etc.

## recommendations

To ride safely, most kids need a booster until age 10-12.
